

## Days of Awe (The Firsts) (Volume 14)

Book 14 has arrived, and it takes us 106 years into the future!

Thousands of years ago, the universe put into place guardians for the earth. Now, their Grand Destiny has arrived. In Book 14 of this Bestselling Vampire Romance series, the children of the First Bloods have been protecting life on this world for over a hundred years to the best of their ability to do so. Now, it is time to come back together when one of the greatest threats they've ever faced requires their collective powers. In the Colorado Rocky Mountains, Cairine has managed and cared for the lives and health of most of the western part of the U.S. With the earth warriors, vampire, human, and Totem, spread out all over the globe, her job has been simple. It's been a good century, but now the time has come when she must call them all together if they are to survive this next threat. This story chronicles those who have loved and lost, those who never got to love at all, and those who threw their love away. It proves that it may not be too late, even after a hundred years, to love again. For fans of C.L. Quinn's First Blood series, see how life worked out for the children from the Days of Innocence.
