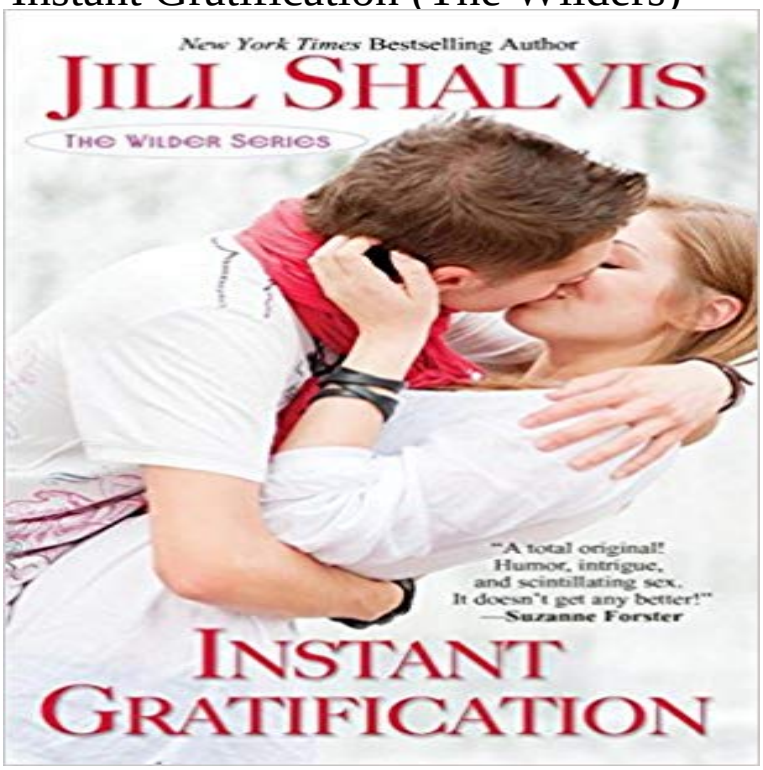
Instant Gratification (The Wilders)



Stone Wilder is no less a daredevil bad boy than the rest of his brothers, especially when the thrill of a lifetime is about to arrive in a surprising package. . .The Doctor Is In DeepWishful, California, is 3000 miles from Dr. Emma Sinclairs last job in a New York City ER. Running her fathers clinic for a summer, Emma treats bee stings, stomach flu, and the occasional pet cat. Then theres Stone Wilder: gorgeous, laid-back, and irritating beyond belief. Emma loathes him. Almost as much as she wants to throw him on her examining table and break every doctor-patient rule in the book. . .Paging Dr. Sinclair. . .Shalvis writes with humor, heart, and sizzling heat! --Carly PhillipsA total original! Humor, intrigue, and scintillating sex. It doesnt get any better! --Suzanne Forster
