

## Big City: Big City Vampire

Carly doesn't believe a word men say, and she doesn't want a relationship built upon their false promises. She takes her sexual pleasure where she finds it, not expecting anything from anyone, especially not from a dark, handsome man who claims he's a vampire. Vasile is a vampire. He's spent centuries searching for his beloved, the woman he is destined to love for all of eternity. When he does find her, she doesn't believe him. She doesn't believe he loves her, she doesn't believe he's a vampire, and she doesn't believe there's a lunatic rival out to kill her. If Vasile can't earn Carly's trust, and soon, their eternity together will become mere minutes.
