

Gardens of the Spirit 2011 Wall Calendar

Strongly influenced by Shinto and Buddhism, the Japanese style of landscaping is particularly conducive to restoring an inner calm. Requiring an artful blend of imagination, skill and patience, the Japanese garden is an extension of the self. By adapting the harmonies of natural design to our own landscape, we heighten our understanding of the world around us and within us. The Gardens of the Spirit 2011 Wall Calendar features twelve exquisite images from garden photographer Charles Mann. Paired with Maggie Oster's contemplative text, this collection of images brings the experience of Japanese gardening to all who long to create a peaceful oasis in the midst of a challenging world. The interior pages of this calendar are printed on 100% recycled, 50% post-consumer paper, processed chlorine free and printed with soy based inks.
