

The Darkness (The Fallen-Fey Chronicles Book 1)

The Fey have only one enemy they cannot conquertime. Time can crumble cities and cause the most vital memories to become nothing more than wisps of dreams passed. For Logan Callanach time wasnt his only foe. Searching for the an elusive fairytale, his ramblings brought him to Savannah, Ga. Being a long way from home was the least of his problems, though, as a man is killed in front of him by a being Logan had never even heard of. That only began what would be the worst and best day of his very long life. Riya Grayson had hoped she wouldnt live to see this day. She had trained her whole life to fight the Darkness in the event they came to her new world, but her only family was dead and she would now be forced to face the Darkness aloneor so she thought. Her journey to fight a being that has plagued her nightmares since childhood would side her with a group of men she knew only from stories, and it would seem she would need to embrace their assistance to defeat the Darkness before this world, too, was also lost. This is Book One of The FallenFey Chronicles Novella Series. Book Two, The Cursed, is currently available with book three, The Light, being released December 29th, 2015.
