

Piercing Ecstasy (The Guardians of the Realms) (Volume 5)

After a hellish month of searching, Immortal warrior Jax and his brethren, the Guardians of the Realms, are nowhere near finding the sleeping God who was stolen by their enemy. As if that isn't problem enough, after millennia, other Guardians are dropping like flies to the mating frenzy. Jax never dreamed he could be next. After all, he's too flawed, his sexual appetite too insatiable to ever be completely fulfilled by one being. Could a lone female even handle his needs let alone quench his never ending desire? Ileana lives a solitary life in the shadows, a ghost thirsting for vengeance. A warrior Ailouros, half cat, whose sheer existence has been kept secret by a special ability no one can know exists, she is closed off and trusts no one. After thousands of years spent in near isolation while hunting her prey, she has finally found a clue leading to the location of her enemy. Revenge is at hand. When a fantastically hot Guardian unknowingly puts himself in the middle of a deadly intrigue, nearly ruining her careful plans, Ileana is forced to make a choice. Her one chance at finding vengeance will hinge on hurling them both into piercing ecstasy. Warning: This book is intended for an adult audience. There are dirty talking Guardians with bad language, some violence, and explicit scenes hot enough to give you cat scratch fever.
