He brought a gun to the church on her wedding day. When Jennifer says she loves Dio, he believes it. Shes the only one thats been there for him from the beginning. Sure, hes been in trouble with the law, sure hes in a gang, but hes got potential. Jennifer hasnt had the easiest life either. Kicked out of her home, shes been on the streets for as long as she can remember. But now, Dio finds himself in prison boot camp and promises Jennifer hell turn his life around. But when he gets out, will she wait for him like she promises or will she give up on him like everyone else in his life has? Reviews: I read your book ... It was good! -- Nicholas Sparks, author of *The Notebook* Moving and meaningful... Its suspenseful ending leaves us all waiting with bated breath for the romantic sequel...This is more than just an urban love story, its a human story. -- Abiola Abrams, host of BETs *The Best Shorts* Captures those fleeting but powerful moments in young love. -- Luis J.

Rodriguez, author of *Always Running* Forever My Lady is a wonderful book. It describes in vivid words about the main character, Dio, and the problems he goes through for his girl. Just by the prologue anyone could tell that it was going to be a gripping page-turner. Its about love and doing whats right for yourself and others. --

VOYA Jeff Riveras thought-provoking novel, *Forever My Lady*, is part romance, part coming-of-age tale. Reminiscent of novels by S.E. Hinton ... This touching book kept me in its grip from the first page to the last. -- Karen McQuestion, author of *A Scattered Life* Short Interview with the Author What inspired you to write this novel? I had just come from being homeless. We were living in our car and

my first job was working at K-Mart, that's when I met my friend that inspired the Dio character. He was trying to turn his life around for his girl, having been in a gang. He'd write letters to her and poetry and I'd come into work anxious every day to hear what happened next. That's what sparked the idea. The rest of the story is completely made up of experiences I went through. Most of the characters are inspired by a combination of people I know. Many people have loved the ending because of its realism but others were hoping something different. What do you have to say about that? I'm proud of the ending. It shows how far the main character has progressed that he's able to make the decision that he makes. I'm happy that so many people love it. That's why I write so that people will connect emotionally and be taken on a journey. When people tell me they've read the book and cried or laughed or in one case someone said they were reading the book while they were driving, it really makes me feel great. What's next? Will there be a sequel? Yes! It's taken me almost 10 years to get it done but right now, I'm working on both the prequels and the sequels. (Yes, there will be more than one). I don't like to say when it'll be done other than hopefully very soon.
