

3013: ASYLUM: A 3013 Novella (3013: The Series)

In a male dominated world, Alliance Commander Olivia Jacobson has spent most of her adult life clawing her way up the ranks, but her dream of commanding her own post has always been just beyond her grasp. With the discovery of a new planet, a new race, and the relocation of Alpha Station: X21, her dream is finally within reach. The last thing she needs is distractions, but the universe has a sense of humor, and complications arrive in the form of two Krytos males intent on claiming her as their mate. One night with the beautiful and passionate commander wont be enough for Krytos brothers Axton and Zade Tavish. Choosing X21 as the home for their sanctuary, Asylum, had nothing to do with location, and everything to do with Olivia. The closer they try to get to the female, however, the more determined she seems to pull away, proving it will take more than charm and persistence to win her heart. When their tenuous relationship reaches its tipping point, Olivia is left with an impossible decision to sacrifice love in the name of duty, or risk everything for a chance at forever.
