

## See Megan Run

Megan Hazely is back home after twelve years. There's her mother's wedding to deal with and getting the deed to her deceased father's home. There's also Aiden Blake, Megan's ex-boyfriend. The boy she loved has become a man. Time hasn't lessened the spark between them. A spark that should have died the day she hitchhiked out of her small town to a new life and a successful business. Megan must deal with the troubles she left behind twelve years ago, and, somehow, leave again with her heart intact. A rock and a hard place has nothing on her.
