

When Spirit Speaks

What happens when we die? Is there any REAL evidence for an afterlife? Where is heaven? What do mediums REALLY see? What does it feel like to die? Is faith in an afterlife a smart spiritual strategy for getting the most JOY and juice out of life.....or, is it all merely new age nonsense and spiritual silliness to believe? Is there any way to explore the next world NOW.....or do you need to die to know what really happens when your body takes its last breath? In this short, sweet but illuminating new book, popular blogger, author and intuitive life coach Michael Martin, explores the big questions around what its REALLY like to die....and without dogma or division, describes what 15 years of exploring spirit without fluff or filters have revealed about the amazing, enlightening and extraordinary experience youll find in the wonderful new world of waking up that awaits us all.
