-----Now the Trouble series continues with the all-new Katie and Tylers story! When your best friend falls in love with a rock star, you either join her in her fixation, or you spend a lot of nights eating ice cream and watching Netflix by yourself. If you cant beat them, join them, isnt that what they say? While Bree--my best friend since forever--couldnt get enough of Trouble and their lead singer, Rob Burns, I set my sights a little lower - and to the left. Robs immediate left, that is, at least on stage. Tyler Cook was Troubles lead guitarist, a tall, glorious, dark blonde, beautiful specimen of a man who could make ovaries explode and panties drop with just one twist of that smirky smile of his. Of course, it was all just in good fun, two girls going to Trouble concerts and screaming ourselves hoarse along with the rest of the fans. Brees fascination with Rob, and mine with Tyler, was a fun little fantasy, a distraction from our boring everyday lives, mine as a dental hygienist and Brees as an elementary school music teacher, until one day the what-if game Bree liked to play--and in, what if we met Trouble some day? and What if they asked us to go on tour with them?--actually happened. Actually. Happened. One minute we were going to see Trouble in concert, and the next, we were backstage, face-to-face with the real-live, sexy thing. I never expected to meet rock god Tyler Cook. I never expected to end up on a tour

bus with sex god Tyler Cook. I certainly never expected to fall in love with the man, that beautiful, broken, wild man, or become so hooked I simply couldn't give him up--no matter what it cost, or who I hurt, even myself. Because sometimes you have to stop asking yourself, What if? Sometimes you have to find out what happens next.
