

A Different Kind

Payton Carlsons life is perfect until the night shes abducted by aliens. Now shes plagued by pieces of memories from a night that feels as hazy as a dream, and thats not the only strange thing thats been happening. When Paytons neighbor, Logan Reed, who spends every night sitting on his roof staring at the stars, starts to pay extra attention to her, Payton starts to wonder if he knows more about the night she cant remember than she does. Suddenly finding a date to the Homecoming dance and cheering at the football games arent as important as they used to be - especially when the aliens return for a second time.
