

Vampire Romance: Vampire Preference (paranormal shifter romance) (New adult vampire shapeshifter short stories comedy)

For as long as humans have been around, vampires have been calling the shots and controlling every aspect of their lives from the shadows. Now the five hundred year cycle is up and the males of the vampire community must chose a new bride for themselves from amongst the human populous. Sammy works her menial day to day job in the city without fuss, but deep down she yearns for something more. She has no family, only one real friend, and her dating life is virtually non-existent. For a few weeks now she has been dating a man not knowing that he is a vampire and now he is offering her the chance to become his bride and change her life forever more. Will she take it? Is Sammy willing to give up what she has for a chance at a new and strange life with a man she barely knows? Warning! This ebook contains explicit scenes of passion and desire.
