

Rumpels Prize (Kingdom Series Book 8)

Imp, deceiver, villainous mastermind Rumpelstiltskins been called all these names and more, and for the most part, theyre entirely true. But there is more to the brooding, blond haired Adonis than brokering deals for the devil. Hes hiding a terrible, hideous secret. One that threatens to fray the already delicate strands of his sanity and reason. A secret that hes desperate to make right, to see whole again, and there is no one and nothing that will stand in his way of getting what he wantsno one except a slip of woman with hair like fire and skin like finest porcelain. Something about Shayera Caron calls to the beast inside him and makes him question his motives for the first time in his life. Shayera Caron is the daughter of the infamous Gerard Caron, former lothario of Kingdom but now a reformed rake and settled husband and father. She can go nowhere in her tiny hamlet without seeing the sneers of women and hearing the murmurings of their disdain for the blood that runs through her veins. Shayera is desperate to get away from the gossiping hens, so when Rumpelstiltskin rides into town, she doesnt think twice before going wherever he leads. Only thing is Shayera is not as innocent as she might seem, for she hides a secret too. One that will bring the most feared man in all of Kingdom to his knees
