

True Love Story

Growing up in an idealistic home, Sparrow Fisher is sheltered and innocent. When she meets Ian Sterling, a musician who is rising in popularity, she instantly falls for his charm. They run into each other over the next few months and eventually begin an unconventional relationship. At different places in their lives, Sparrow is off to college in New York, and Ian is traveling the country with the band. When they see each other, all seems wonderful and lighthearted, but when they're apart, Sparrow is left to wonder if Ian really cares about her the way he says he does, or if she's just another pretty face to him. Once their relationship steadies, they're both happier than they've ever been, and it's hard to not get caught up in the magic they have together. Until something so devastating comes to light that threatens to shatter everything they've built with each other. True Love Story is a story about the real highs and lows that come with a relationship—happiness, pain, angst, and finding out if love really is enough.
