

A Wizards Touch: Volume One

Jaynell's Wolf Jaynell Marley's father's dying wish was to send his son to the Wizard Academy. It only took Jay a short time to realize he didn't belong. His abilities, far more advanced than the other students, could only cause jealousy. Knowing how to speak gnome and summon a dragon put him beyond everyone's skills but the teachers. Enter Thomas Sparks, a member of the local wolf pack who isn't impressed with Jay's magic. He wants the man himself. One look into Jay's eyes and Thomas knows he's found his life mate. The only problem: convincing the powerful wizard that they were meant to be together.

Kevin's Alpha When James Sparks, the alpha of the local werewolf pack, declares Kevin Santhill as his mate, the free-wheeling wizard panics. He didn't plan on settling down now, not ever. It doesn't matter that James is the sexiest thing he's ever seen or that his heart flips whenever he sees the sexy wolf shifter, he plans to stick by his guns and stay independent. However, when his best friend Jaynell goes missing, he has to partner with James to help find his friend. And if Kevin can't find the confidence to dredge up his magic and control his avatar, Jay could be lost forever.
