

A Yowling Yuletide (Kitty Coven Series)

Werecats and Witchcraft, A Pagan Romance After being rejected and betrayed by the only woman he's ever loved, Matt swears off dating completely. He'd rather die alone than have his heart crushed like that again. But the obnoxiously perky redhead that the temp agency sent over will not take no for an answer. Despite his sister's acceptance of witchcraft and magic, Matt abhors any mention of it. But he's about to find his beliefs turned upside down by a paranormal lover who just happens to be a sleek and sexy little feline witch. This is a short Christmas story in a pagan romance series involving werecat shifters and witches. There are some suggestive situations and shapeshifter nudity, but these stories are safe for most mature teens and young adult readers.
