

Addicted (Addicted Trilogy Book 1)

Desperate to escape her tragic past, Sara Hawthorne packs up everything she owns and moves across the country to Seattle with her best friend Alexa. With the recent passing of her grandmother there is nothing holding her back from starting over. She dreams of a normal life, one which isn't constantly plagued by nightmares. Everything seems to be going her way until a gorgeous stranger walks into her shop, turning her world upside down. Although Alek Devera is not the relationship type, everything changes once he comes face to face with Sara. Never having met someone quite like her, he starts to question everything he knows. She intrigues him. She challenges him. She threatens the secret he's been hiding for years. Will a promise made long ago be the very same thing that destroys their chance for happiness? ****Authors note**** This book ends with a cliffhanger. The second book, Shattered, is now available.
