

Airline Transport Pilot Test Prep 2009: Study and Prepare for the Aircraft Dispatcher and ATP Part 121, 135, Airplane and Helicopter FAA Knowledge Tests (Test Prep series)

Applicants studying for the Airline Transport Pilot and Aircraft Dispatcher Knowledge Exams are provided answers and explanations for every question on the Federal Aviation Administration (FAA) exam database in this guide. All of the more than 900 questions from the exam are arranged by subject category and are accompanied by specific study material. Each question is followed by the answer, an explanation of the answer, and a reference and subject code for further study in FAA materials. Regulations, weather and weather services, flight physiology, and aircraft performance are among the subjects covered.
