

They Come By Night

Imagine an Earth just a bit different from ours. It may be 2014, but in this world, normals unknowingly share the planet with vampyrs. Most vampyrs rely on bagged blood, supplemented by the blood of savorvalued individuals whose blood contains an element needed for the survival of the species. Tyrell Small has always felt different. He doesn't know he is a savor, but he has the birthmark to prove it. When his father reveals that he'll be required to feed vampyrs, Ty decides to run away. Slipping out of his bedroom window, he finds the most gorgeous man he's ever seen sitting on his roof. Adam Dasani is a vampyr, equerry to the vampyr king, who has given Adam the task of guarding Ty. The blood of the two most powerful savor families in the shared history of vampyrs and saviors runs through Ty's veins. And some vampyrs intend to use him to gain power, something Adam isn't about to allow. Adam insists that Ty can't escape his destiny, but they both find that destiny can take unexpected turns and following those turns may put those Ty loves in including Adam in danger.
