

## All These Pieces of Me (The Stables) (Volume 1)

Emmas autism allows her to see the world inside out and right past the physical scars that Brandon had begun to think would be the only thing the world would ever see. Set in Dallas, Texas, this is a Contemporary Romance series with BDSM elements and mature, atypical themes, including physical disfigurement, Autism, and OCD. Each book will be a complete story, no cliffhangers. Brandon To say that Im ugly is like saying a cemetery is quiet. Okay, maybe parts of me are attractive, sure. Id gotten more than my share of second, hungry glances from women at clubs. Then Id turn to the other side and theyd get a nice big glimpse of Quasimodo. Only the desperately drunk or the I can fix you chicks took a third look. Not Emma, though. She looked right at my scars and didnt miss a beat. The typical stares from folks noticing my face just blend into the background noise as I try to comprehend this odd little woman. Shes still and quiet, clutching her teddy bear like its nobodys business. And maybe its not. Maybe least of all mine. Emma The guy walking in front of me is seriously massive. Id heard that everything is bigger in Texas, but this is absolutely ridiculous. Theres also the matter of his face. He has me both ready to swoon and run screaming in the same crazy second. Im still not sure which of those options my body has decided on. I think the jury is still out on a lot of things to do with my current state of affairs. I wish I could talk the way that I think instead of stammering through life like a little girl who holds onto a damn teddy bear and continues to obsess over the color pink. I cant, though. My brain just doesnt work that way. His gentle brown eyes put me at ease for some reason I havent quite worked out yet, and I really want to know his story.
