

Along the Path to Enlightenment

What blocks spiritual progress? And how do we transcend these blocks? The spiritual teachings of David R. Hawkins on the nature of consciousness, spirit, and ego are known worldwide by students seeking to realize spiritual Truth. As a mystic, Dr. Hawkins has infused the truths found in the precepts of Western religion with the core of Eastern philosophy, bridging the familiar, physical world to the nonlinear, spiritual domain. This collection of passages, carefully selected from Dr. Hawkins' extensive writings, offers readers a new contemplation for each day. Any one of these passages, fully understood, can elevate one's level of consciousness.
