The bodyguards of Elite Guardians Agency have more than just skill and prowess in common--theyre also all women. When it becomes clear that popular psychiatrist and radio personality Wade Savage has a stalker, his father secretly hires Elite Guardians in order to protect his son. But when Wades bodyguard is attacked and nearly killed, agency owner Olivia Edwards must step in and fill the gap. Olivias skills are about to be tested to the limit as Wades stalker moves from leaving innocent gifts at his door to threatening those closest to him. Olivia has the feeling that shes next on the list. And to complicate things even further, she realizes that her heart may be in as much danger as her client. Bestselling author and fan favorite Lynette Eason drops readers right into the action in this fast-paced new series with a unique twist. Readers will love these strong female characters who put it all on the line to save lives.
