

Ivy Entwined (Something to Celebrate) (Volume 1)

When Ivy Callahan returns to her hometown as mayor, she doesn't expect much to have changed. But now her ex-fiance is the town planner, the biggest business is closed, and the only store interested in Celebration, NY is a Megamart. On top of it all, the liaison for the big, bad, box store is Marcus Weaver, her childhood crush. And he's still as dangerously delectable as ever. Marcus unwillingly spent his teens in Celebration with his vindictive, drunken uncle. As far as Marcus is concerned, the town's only use is to cement his rise up the corporate ladder. He needs that Megamart opened, and Ivy is his ticket. But the sexy, stubborn mayor could also be his downfall. As the unemployed townspeople put on the pressure, Ivy needs to do something. With a fresh downtown-renewal project in the works, Ivy could stop Marcus and his Megamart before they kill the town's spirit. But with sparks flying between Ivy and Marcus, they each need to decide what's more important: their careers or their hearts.
