

Kindred Spirits: Vol 1

Ethens Choise: Whiskers Seaside Inn might not sound like the most exotic location for a weekend getaway, but its intriguing. When Ethan Roberts sees the place, hes smitten-even more so when he meets the hunky handyman, Cade Wyatt. Ethans surprised to learn the Inn has two paying guests and a cast of ethereal characters who come and go. Cades nonchalant about the ghosts, but Ethans not sure he feels the same. Desiring Cade more than anything, Ethan must find a way to live with the spirits as well as the man hes come to love. Hunters Choice: David Sanderson arrives at Whiskers excited by the prospect of investigating local ghosts. When the entities fail to show themselves, hes directed to Harbour Point Light, where an active spirit is known to exist-and one handsome lighthouse keeper. Hunter Pierce isnt sure he wants someone writing an article about his lighthouse and the ghost who inhabits it. He lives a quiet, solitary life and doesnt relish the idea of tourists combing the place. Their priorities clash, but David and Hunter mesh in all the ways that count. Can an intense physical relationship be enough? And are there more ghosts at the lighthouse than the captain?
