

Foolish Notions (Five Star Expressions) (Five Star Expressions)

Hardnosed-CEO James Taylor years to find the right nurse for his ailing mother, Marie. When his ex-girlfriend Samantha whom he hasn't spoken to in almost a year fills the position, sparks fly. Passion builds when James and Samantha live under the same roof. Turmoil boards desire the two fuse and feed off each other. For weeks things simmer. James is consumed with wanting to explain to Samantha what she really witnessed the night she saw him kissing another woman. Samantha refused to listen. Love and passion can't be denied and it lures them into the bedroom. The physical intimacy not only uncovers buried emotions, but also the love they have for each other. James feels they are rebuilding what they once shared, while Samantha secretly fears that he may hurt her again. Her heart wants him, but her mind won't let her forget. ABOUT THE AUTHOR Aris Whittier is the author of Fatal Embrace: a Cosmopolitan Red-Hot Read and the hilariously funny book: The Truth About Being A Bass Fisherman's Wife. Aris enjoys reading romance just as much as she does writing it.
