

## Diplomacy (Pact Arcanum Integrated Serial Edition)

Diplomacy For tens of thousands of years, the vampires, called Nightwalkers, had been entrenched in a bitter feud with their enemies, the Sentinels, those born to destroy the Nightwalkers with magic and steel. The battle drew to a close once the Redeemer offered the two sides a new path, allowing the Nightwalkers to step back into the sunlight as Daywalkers, in return for giving up the sword. Deceit It is incumbent on Nick to uphold the Armistice that exists among these tenuous factions. As conflict escalates for the imperiled Armistice, betrayal and treachery lurk around every corner on the road to coexistence, and at every turn, Nick must question who to trust among his metahuman allies, friends, and lovers--before their civilization is plunged into the depths of darkness and bloodshed.
