Collision Course Badboy Billionaire Link Duffy is a man now. Making his own decisions and choosing his own path. An elite Delta Force warrior, his only commitment is to his country and his team. Everyone else be damned especially women. In a small East Tennessee town, Grace Johnson is on a mission for herself. They say what doesnt kill you makes you stronger. Well, yeah, screw that. Shes making her own decisions and choosing her own path. Everyone else be damned especially men. Two lives. Two worlds. As different as night and day. But fate has spoken and theyre on a collision course. But be warned. When two worlds collide, you better bring a broom. Destinies Collide Grace loves her new life as a traveling therapist and nurse. Shes in charge and is relishing in the freedom. Shes seeing the country, meeting new people and doing new things. Shes happy. Almost. Imagine her surprise when shes called for an interview in California. Overlooking the ocean. In a mansion. No, not a mansion, a compound with guest cottages bigger than a normal persons house. She knows shell love the job, if she can pass the interview with the queen of all bitches and her husband, a famous billionaire. Then she

meets their son. Link Duffy. Hes tough, bitter, and seeking revenge. His entire life was changed in an instant, and hes hurt and mad as hell. But theres something about him. Something so raw and fierce. And vulnerable. And sexy as hell. And when he looks at her, she knows their destinies collided for a reason. Hidden Danger When youre dead, living is easy. When youre playing dead, its a lot more complicated. Link and Grace survive the initial onslaught. But by who? And why? A jealous ex-husband doesnt have this kind of power. Of course, obsession has very strange bedfellows. And Links a ghost. Arent ghosts supposed to already be dead? Destiny brought them together. Fate joined their hands. Love would be their ultimate weapon if the world played fair. But it doesnt. Not even close. So where do they go, where do they hide, how do they stay together when there are hidden dangers around every corner? Shattered In the movies, when youre on the run, you always survive. Truth prevails and the good guys win. Real life isnt that simple. After escaping to the safe house, Grace and Duffy discover that safe is in the eye of the beholder. The enemy is out there and wants them dead. With extreme prejudice. No questions asked. Duffy has a different plan, but to fulfill it, hes forced to make an impossible decision. Promises are broken. Illusions shattered. Because this is real life. Not a fmg fairy tale. Redemption Sometimes your past comes back to haunt you. Other times, it comes back to save you ... if you let it. With Grace tucked into the safety of the East Tennessee mountains, Link soon realizes hes made a terrible, perhaps fatal, mistake. The enemys reach is wide and its brutally cruel. They are targets to be eliminated. Nothing more. Nothing less. The time for running has ended. Now, its time to fight. Fight for the past. Fight for the future. Fight for a redemption that seems less and less possible.
