

Barbarian Lover (Ice Planet Barbarians) (Volume 3)

As one of the few humans stranded on the ice planet, I should be happy that I have a new home. Human women are treasured here, and one alien in particular has made it clear that he wants me. Its hard to push away the sexy, flirtatious Aehako, when all I want to do is grab him by his horns and insist he take me to his furs. But Ive got a terrible secret - the aliens who abducted me are back, and thanks to the translator in my ear, they can find me. My presence here endangers everyone...but can I give up my new life and the man I want more than anything?
