

Beautiful and Broken

Molly's a hot mess and her life is falling apart. Just when she thinks she's about to get her happily ever after, her sister steps in to have an affair with her fiancé on her wedding day. Determined to bring Molly out of her funk, her friends take her out for a night on the town, only for her to go home with a professional boxer who pops in and out of her life when she least expects it. Her mother tries to push her back into the arms of her cheating ex, but forgiving Jason is the hardest thing Molly will ever have to do. And even if she can forgive him, does her happily ever after include her ex-fiance, or the charming boxer with a shady past?
