

## A Flare Of Heat (H.E.A.T. Book 1) (Volume 1)

There are times when I truly believe humanity will not survive. Some of the last words spoken to Detective Lara Keen by her Criminal Investigations Bureau partner Carl Forrester before he died. They have haunted her ever since. With a spate of murders to solve, a tip off about suspicious activities in a popular sex club, and the return into her life of the one man she never wanted to trust again, Laras world becomes darker and much more sinister indeed. Having to rely on HEAT, Hauraki Emergency Assistance Team, Chief Investigator Damon Michaels in order to discover the reason behind a grisly body in a car boot fire just proves how disturbing Laras life has become... on so many levels. But with Carls wise words in her head and a gut instinct many detectives would long to have, Lara is determined to join the dots before the killer strikes again. And if she has to get up close and personal with her new hot HEAT partner to achieve that? Well, thats just what good detectives do. A sexy, sizzling crime-thriller sure to add a flare of heat to your night.
