

Beloved Darkness

There is more lurking between heaven and hell than most mortals are burdened to see. Saffron Thorne flees to her younger sisters house when something in the darkness attacks her four-year-old son, Carsten. Saff doesnt believe in the supernatural woo-woo that her sister loves, but she trusts Sage with her sons life. Convinced that evil forces are at work, Sage invites her friend Judson over. Jud is the hottest guy Saff has ever seen, but hes also a medium who talks to the dead. Saff is suspicious and leery, but for some reason she feels inexplicably drawn to him. Judson soon proves hes legit, but can she trust him enough to put her feelings about the mystical aside and embrace the darkness? Shed do anything to keep her son safe. But as dark surprises are revealed, the danger intensifies even more. Content Warning: contains graphic sex scene, creepy descriptions of the supernatural, and a love that defies the laws of death
