

Beyond the Mask: The Beyond, Book One (Volume 1)

Detroit is a city devoid of many things, but the abnormal is not among them. Within the city many separate worlds exist. To some the world is one of carnal needs, pleasure, and sex. To others the world is one of darkness, devoid of happiness, that leaves desires out of reach. Yet still there are others who can see more in the world. Some who live in the moments when these worlds collide. Some don't live at all. Here in the dark and run down city streets, blood sucking monsters prowl for their next meal. People struggle to make ends meet while finding their comfort at the end of a needle. Here purgatory is served and those within its bounds are forced to peer beyond the mask to see what world others truly belong to. Everybody needs something. Everyone wants something. Sex, blood, love, life, or souls are the currency exchanged. What are you willing to pay?
