

Slipperless #1: Billionaire Romance (Slipperless Series) (Volume 1)

My new billionaire boss has literally turned my life upside down in less than a month. Whats worse is he appears to relish the fact. Not only is he incredibly good looking, in a panty-melting-book-boyfriend-way, but hes worth more than most countries and has a reputation around the office as a lover of rock star status. So why would he be interested in a curvy girl whose entire sexual existence was limited to an awkward, drunken screw in her sophomore year? I have no idea, but he is, and its making my life a living hell. Because of his pursuit, I now find myself in the midst of cat fights I didnt start, office backstabbing I cant seem to stop and jealous innuendo from my female coworkers the likes of which Ive never encountered. Inexperienced though I may be, Im not stupid. And hes not subtle. Every chance he gets, he dares me and tempts me to resist his advances in spite of the risk it poses to my fledgling career. Theres only one problem... Im not so sure I can any longer. This is the first book in a Billionaire Romance series presented in serial format. It is not a standalone.
