

Bitter Rivals: a novella

First it was love. Then it was war. XAVIER Work hard, play harder. All I wanted was a weekend in the Hamptons, but what I got was forty-eight hours of quality time with my former business partner. My ex best friend. The girl who walked away without so much as an explanation the second sh*t got real. Im going to make her sorry she was never mine. MAGNOLIA Work hard, forget the rest. All I wanted was a peaceful weekend alone at my boss Hamptons manse, but what I got was forty-eight hours with the guy who convinced me to fall in love with him and then did the unthinkable. He broke my heart once, and Ill be damned if I let him anywhere near it ever again. *This is a novella and was released as part of POSSESS: An Alpha Anthology in November 2015. If you purchased that anthology, you already own this story. **This novella combines worlds from my Never and Arrogant series, but it can be read as a standalone.
