

Blue Light Series (Two Complete Novels) Books 1 and 2

The Blue Light Series contains the entire text of *Apocalypse Island* and *Soul Thief*, the first two books in the series. Although the books in the Blue Light Series are all different and are, in and of themselves, stand-alone novels, there are several common threads and characters that run through the entire series tying it together as one all encompassing body of work. I am no more certain than you, dear reader, where this journey will lead, but I promise that together we will follow the blue light to its end. Book descriptions: *Apocalypse Island*: Danny Wolf, a gifted musician with alcohol problems is witnessing brutal murder in his dreams. Someone is carving a cross on each of the young female victims before crucifying them. Newly released from prison for a crime he did not commit, Wolf is having trouble adjusting to civilian life. He believes the dreams are a symptom of his adjustment until he discovers that they are real and that the victims are his own groupies. He soon begins to doubt his sanity. Could he be a homicidal madman? Wolf has no memory of his early childhood but discovers that he spent his first eight years in a Catholic orphanage on a mysterious island off the coast of Maine. Is it possible that his early life and the murders are somehow connected? Soon the killings become more bold and gruesome, as members of the church begin to die. Enter Police Lieutenant Rick Jennings and his young assistant Laura Higgins. They discover a government conspiracy involving the Catholic Church, and a cold war CIA mind control program known as MK-Ultra where children were used as test subjects. Danny Wolf becomes the number one suspect in the murders, but no one, not even Wolf, is prepared for what they discover on *Apocalypse Island*, a mind blowing secret that was supposed to stay hidden forever. *Apocalypse Island* is a fast-paced thriller that will keep you guessing until the

shocking conclusion. **Soul Thief:** The Brotherhood of the Order is one of the oldest and most mysterious organizations on earth. Its primary mission is to protect one of the most carefully guarded secrets in human history, an object so enigmatic and powerful that in the wrong hands it could wreak havoc upon the earth. In the right hands it just might have the power to save humanity from its own destructive impulses. Doug McArthur, hit in the face by a young friend at the age of seven, is suddenly able to see a supernatural creature who calls itself Collector. Doug's life is turned upside down when he realizes that it's not just the creature he sees, but the atrocities it commits. Since marrying Annie his visions have been quiet and Doug is grateful. Now Annie is pregnant with their first child that promises to be special and their world is in the process of coming apart, beginning with the destruction of their home and forcing them to run for their lives, back into the world of Annie's childhood, the De Roche dynasty, to a murdered mother and a cruel and enigmatic father. Doug, whose love for Annie borders on the obsessive, has a deep and abiding hate for her father. He is nearly insane with grief over their plight, but soon finds that De Roche is the least of his worries when he begins to hear the pleading voice of a lost child that he cannot possibly save. And then, in the midst of Annie's mother's funeral, Doug is given a strange artifact, along with a dire warning by a dying priest. He must leave Annie and his unborn child and begin a sojourn into the darkest regions of the human heart. In his attempt to save his wife and unborn child, Doug finds that there is much more at stake than the lives of two people, perhaps the very salvation of the human soul. **Soul Thief** is the second novel in the Blue Light Series, a supernatural thriller that will keep you guessing until the stunning conclusion.
