

Heir Untamed (Latvala Royals Book 1)

Desperate for work to avoid eviction from her Seattle apartment, photographer Chey Sinclair accepts a rare opportunity to travel abroad and photograph Latvala Royalty. Encountering the Royals for the first time, Chey experiences an instant attraction to Mattias, second in line to the throne. His charming, confident and taken. During a horseback ride to clear her head, Chey finds herself in a scuffle with Sander Fisk, head of security. Rugged, determined and sharp tongued, Sander is infuriating as well as intriguing. Faced with conflicting emotions and a mystery unfolding in the castle, Chey must decide between men: a Prince of Latvala, or an arrogant rogue. She discovers the hard way that this particular fairy tale was more than she ever bargained for. Authors note: This is book one of a seven part series. It has a HFN (happy for now) ending. The saga plays out over all seven books, culminating in the final installment, A Kings Crusade.
