

Discovering Stella

This book is for mature audiences 18+ It contains explicit language and sexual content. Stella Walker is twenty-six years old and hiding from a past that haunts her on a daily basis. In a desperate attempt to escape the torment of her memories, she tries to rebuild her life and move on. She seeks the seclusion of a rural town and tracks down a distant relative who Stella knows will give help, but who is unaware of the past she is trying to flee. What Stella doesn't anticipate, is meeting Lawson Drake. Lawson Drake is twenty-nine years old, a mechanic who owns an auto service and smash repair shop. When he comes across a broken-down car by the side of the road, he is intrigued by its owner a caramel-eyed brunette who clearly has a score to settle, not only with her defective vehicle, but with anyone who tries to get too close. The thing is, Lawson wants close. He wants more than close. He wants as close as he can possibly get. Can Lawson help Stella to fix her broken heart, and discover herself again?
