Welcome to Boomerang.com, the hottest recent startup in the coolest city: Los Angeles, CA. Boomerang created buzz for being the dating site for the millennial gen. Why? Because its about no-strings, no-fuss relationships for those on the rebound and those who crave connection without all the baggage of long-term promises. But that buzz is fading as Boomerang struggles to grow, the solution? Find two brilliant interns and give them a crack at turning this ship back to shore. Enter Mia Galliano and Ethan Vance. These young strangers-Mia an aspiring filmmaker, and Ethan at the end of a collegiate sports career-are both bright and motivated. And for very different reasons, theyre both hungry and way up for the challenge. But things go wrong from day one. For one thing, Ethan and Mia arent strangers. The night before their stint at Boomerang begins, Ethan and Mia meet at a bar and fall into bed together. Or so they think. Theyre both hazy on the details. They just know its aaaawkward when they share a post hookup taxi ... to the same place. Will the competition get to them, or do they have a future together?
