

Bound (The Grandor Descendant Series Book 3)

Even in the shadows there is light and where there is light, there is love. Ariana Sol was just like other girls- but not anymore. She is the Grandor Descendant, related to the first witch, an immortal called Grandor, who placed upon his family line the responsibility of destroying vampires and freeing the humans of their tyranny. And yet it wasn't this duty which scared Ari. She could freeze time, see into the future, resist a vampire's lull and burst into sunshine. By all means she was capable of stopping and destroying vampires. No, what scared Ari was that she was in love with one. But falling for Ragon is the least of Ari's problems. Students have started to go missing from the Pasteur Institute and Leas circle suspect a vampire may be behind their disappearances. In this final installment of the Grandor Descendant Series, Ariana must confront the truth about her past, in order to save not just her own future, but the future of everyone.
