

Bound by the Mist (Mists of Eria Book 1)

Relian has lived a life that hasn't changed in millennia, and he likes it that way. As Prince of the Erian people, he has his conscripted duties. And a human woman, even one as desirable as Cal, does not fit into them. But as the enemy darkkindred knock on the borders and the magic of his people fades, he might just have to find room. College student Cal Weston spends a good portion of her time trying to keep people from thinking she's crazy, including herself. And with good reason. But her carefully constructed reality is turned upside down when she discovers that Relian, the seductive elvin prince who has been starring in her sensuous fantasies, isn't merely a myth and his magical kingdom really exists. Now she's bound to an elf and stuck in a land where no one, least of all Relian, is willing to spill any answers about the truth of her arrival. ~Newly revised version January 2016~
