

Jake: The Sinner Saints #3

Ex-Special Forces operative Jake Thorne has never backed down from a fight until the day that a momentary lapse of judgment led to tragedy. Since then he has been hiding at the bottom of a bottle, far away from the pity of those closest to him. But all that changes the night a beautiful stranger crashes his lonely roadhouse booth pleading for his help. Art historian Verity Green is a woman on a mission she knows she can't take on alone. Her brother has stolen a cache of priceless antiquities, and, judging from the way the rugged bruiser can throw a punch, Jake Thorne is just the man to help her retrieve the ancient treasures if only she can convince him to take the job. But no man can outrun his past, and it doesn't take long for Verity's simple plan to turn complicated. Once the bullets start flying, Verity and Jake are thrown a little too close together, leaving Verity to wonder if she's taken on the right man for the job, or more trouble than her heart can handle. *** Part romantic comedy, part thriller, and filled with plenty of intrigue, JAKE is the third novel in the Sinner Saints contemporary romance series. ***
