

## Meditations on Buddhism by Osho

Delving deeply, respectfully and lovingly into the 2,500-year-old sutras of the Gautam Buddha, Osho extracts the profound essence, insights and understanding of the Buddhas teachings, and presents this everlasting wisdom in a lucid, straightforward and often humorous manner that will deeply touch the contemporary seeker. These remarkable discourses are original, live recordings made during Oshos extemporaneous daily talks to audiences of disciples and visitors at his meditation retreat in Poona, India. His talks were, and continue to be, central to his work as a mystic trying to find ways to share his experience. And as you listen to this great teacher, you, too, will enter a state of meditative awareness that will bring you to a new understanding of the wonders of this spiritual path and the Buddha-nature of all existence.
