

The Write Stuff (A Write Stuff Novel) (Volume 1)

From USA Today bestselling author Tiffany King Twenty-two-year-old historical romance writer Nicole Blake, or N.S. Blake to her readers, hasn't taken an official poll, mind you, but she is convinced she may be the only romance author on the planet who is still a card-carrying member of the virgin club. Not that she hasn't tried to end her membership. Life just keeps finding pesky ways to interfere. With no prospects on the horizon, Nicole begins to feel like the closest she will ever get to experiencing a man is within her own stories. Opportunity presents itself in the form of hot-as-sin-on-a-lollipop-stick

bartender/premed student Alec Petropoulos, who agrees to be the cover model for her upcoming book. Sparks fly instantly between them, and Nicole begins to entertain the possibility that she's finally found the right guy to hand over her tattered V-card. Alec has all the makings for a perfect one-night-stand candidate except, much to Nicole's surprise, he seems to be the only man in existence not interested in bagging a virgin. Stuck between a rock and a stubborn male, what's a virgin to do? Seduce him, of course. How hard could it be? If it works for the characters in her stories, why wouldn't it work for her? After all, what happens under the cover...stays under the cover. Praise for the works of Tiffany King *The Write Stuff*--Smart, snarky, sexy and fun.
