

Samantha (Barrett family series)

New York Times bestselling author Andrea Kane has thrilled readers with her poignant, sensual love stories. *Affaire de Coeur* said, Andrea Kane's talent knows no bounds. Now she brings us a captivating story of a young lady whose romantic fancies are about to come true. Lady Samantha Barrett is determined to find the man of her dreams. Of course, he must be devastatingly handsome and just a bit dangerous. Now, her coach is filled with a collection of gothic novels and her head with romantic notions as she eagerly leaves her brother's country estate for her first London Season. Still unsophisticated and too innocent by far, Samantha is ill-prepared for the hypocrisy of the ton or for the formidable stranger who crosses her path—a stranger she is sure must be her long-awaited hero. Remington Worth, the Earl of Gresham, is reputed to be anything but a hero. He is, however, intrigued by the fresh, young Lady Samantha. At sea, Remington had been a brilliant captain. To help save his country, he has become the Crown's most deadly and dedicated covert agent, posing as a notorious womanizer and blackmailer. His latest orders are to investigate the mysterious disappearances of England's prized merchant vessels. He will allow no one to get in his way or touch his heart—until Samantha.
