

Cade (A Society Novel Book 2)

Cade MacDonald is a man who has always had a sense of right and wrong. He fights for justice and does not back down in the face of danger. As a member of Others, a supernatural race of powerful, fierce shifters, who do not accept or sympathise with any Humans, or any race other than their own, he now finds himself in a battle with the Other Societys leaders as they oppose his attempt to save the life of a young half-breed. Fighting to do the right thing, Cade is simultaneously faced with the unexpected attraction he feels for his best friends sister. Having grown up with Gemma, he is confused and torn at the strong pull of his wolf towards this beautiful tiger. Willing to accept any repercussions of his rebellious actions, will he go as far as to lose the love of his life in the process?
