

## Claiming Her

Jake is so egotistical and arrogant. I cant stand him. My life has been going great and the last thing I need is someone coming in and complicating it. He can try all he wants but Ill never give into him. Im toxic, I destroy everything I touch. If he gets too close to me hell regret it. I dont need anyone in my life especially not him. I havent stopped thinking about Angelina since the first time I met her. Something about her is pulling me in and Im determined to get to know her better. My luck with girls has been horrible for months, but I think it is about to change. She keeps pushing me away, and fighting me at every turn but it isnt deterring me. I wont stop pursuing her until I have her. Can two people with nothing in common make it work? Can love conquer all the demons hiding in the dark?
