

The Seacrest

They say its better to have loved and lost than never to have loved at all. Finn McGraw disagrees. He was just seventeen when he had a torrid summer affair with the girl who stole his heartand then inexplicably turned on him. Finn may have moved on with his life, but hes never forgotten her. Now, ten years later, hes got more than his lost love to worry about. A horrific accident turns his life upside down, resurrecting the ghosts of his long-dead family and taking the lives of the few people he has left. Finn always believed his estranged brother was responsible for the fire that killed their familybut an unexpected inheritance with a mystery attached throws everything he knows into doubt. And on top of that, the beguiling daughter of his wealthy employer has secrets of her own. But the closer he gets, the harder she pushes him away. The Seacrest is a story of intrigue and betrayal, of secrets and second chancesand above all, of a love that never dies. The Seacrest is a poignant love story that will have you reaching for the tissues. Every woman needs a Finn McGraw! Victoria Howard, bestselling romantic suspense author of RING OF LIES. At a time when many authors seem to crank out fiction by the numbers, Aaron Paul Lazar invests his whole heart in every book he writes. His stories shine with sensitivity, compassion, and the richness of deeply personal experience. Michael Prescott, bestselling author of GRAVE OF ANGELS. This book is about love first love, young love, unrequited love, lost love, and rediscovered love. Simply put, its a good old-fashioned love story with an ending that will make your heart swell with joy. - Cindy Guest Taylor, notable book reviewer. I just finished reading Seacrest by Aaron Lazar. Let me tell you, ladies... you will LOVE this book! A love story of all love stories, and characters so easy to fall in love with! Aaron has a way of painting a world so

descriptive you feel like you're really there. If I had a five star rating system to use, I would give him six! Heather McLaren, author.
