

Would-Be Witch (A Southern Witch Book 1)

In the small town of Duvall, Texas, the only thing that causes more trouble than gossip is magic. The family magic seems to have skipped over Tammy Jo Trask. All she gets in the way of the supernatural are a few untimely visits from the long-dead, smart-mouthed family ghost Edie. But when her locket heirloom that happens to hold Edie's soul is stolen in the midst of a town-wide crime spree, it's time for Tammy to find her inner witch. After a few bad experiences with her magic, Tammy turns to the only one who can help: the very rich and highly magical Bryn Lyons. He might have all the answers, but the locket isn't the only thing passed down in Tammy's family. She also inherited a warning to stay away from anyone named Lyons.
