

## Her Hearts Desire

Will the shame of her mothers betrayal prevent Sara from having her hearts desire?

Sara Martin spent her life longing for two things: responsibility and the boy next door. When Cade Dalton finally noticed her, she was thrilled. But when he suggested a threesome with his brother, she knew the rumors she'd heard were true. Cade and Reese Dalton shared women, something Sara despised. Her mother had chosen a life of sordid sex with two men over her marriage, leaving a broken ten-year-old girl behind. No way was Sara going down that road. She was happy to comply with Cade's dominant tendencies, but she would not stand for any sharing in the relationship. To her surprise, Cade agreed to give up his lifestyle in order to be with her. He swore to never again bring up the idea of a threesome, insisting that having Sara as his wife and the Head of Household arrangement they'd come to was more than enough to make him happy. But six months into the marriage, Sara's brother-in-law was beginning to look mighty fine. She regretted passing on the chance to be between the two sexy Dalton brothers, but after her violent reaction to Cade's suggestion, she was too ashamed to admit she had changed her mind. And too ashamed to admit she wanted the same sordid lifestyle her mother had chosen.
